

Amen

Matt 7:14, Job 1:21, Rev 22

This narrow way I've tread so far
I've learned some things, I've earned some scars
The hardest part is learning to say Amen

If God is good, all-powerful
Then why such pain, why such evil
I'm finding the answer in learning to say Amen

Amen, amen, amen**Let it be amen**

Through dying dreams and my despair
I'm bringing forth this broken prayer
Your Kingdom Come, Your will be done Amen

Well I've got questions I can't shake
Sometimes You give, sometimes You take
Still I will say Blessed be Your Name, Amen

Amen, amen, amen**Let it be amen**

One day when this life is past
And the curse is lifted here at last
Time will flee, the earth will breathe, Amen

Well wars will cease and peace will reign
And all God's children on that day
Will hear the voice of The Almighty say Amen
