

THE GLORY OF GOD

Col 1, Rev 4:11, 2 Cor 3:18

God of earth and sky and sea
Creation lives and moves in Thee
it's all for your glory

Galaxies and worlds of light
Singing silent hymns of night
It's all for Your glory

These will pass
These will fade away
In the end
there remains

**Shining in splendor
Pure and forever enduring
The glory of God**

God of joy in summer's rain
God of sorrow, winter's pain
It's all for Your glory

God of time and history
Kingdoms rise and fall to Thee
It's all for Your glory

Fame will pass
Riches fade away
In the light
Of Your face

**Shining in splendor
Pure and forever enduring
The glory of God**

**Rising, our praises
For endless ages we'll sing of
The glory of God**

Bridge:

From all that's passing
Lift up our eyes oh Lord
This is what we were created for
To see You on that day
